

OFF-STREET PARKING

Residential Parking

Parking areas may only be used for the parking of **licensed and operable**:

- Passenger vehicles
- No more than one truck with a gross weight up to 12,000 pounds
- Recreational vehicles and equipment

Residential driveways may not be used for storage of commercial vehicles and equipment.

Vehicles and trailers parked in the driveway must be located at least 15 feet from the street and cannot block the public sidewalk.

OFF-STREET PARKING

Residential Driveways

- Vehicles must be parked on a paved surface in residential areas
- Parking is not allowed on lawns or boulevards
- Pavement may consist of concrete, asphalt, or other hard surface materials to control dust
- Driveway bump-outs for additional parking may be no more than 12 feet wide
