

All outdoor sales in a business district must comply with the following standards and regulations:

- Sales can operate for a maximum of 60 consecutive days with a maximum of two permits per calendar year for each use
- The owner/operator of the temporary outdoor sales facility must have the written permission of the current property owner to use the site
- The sales area must be contained outside of the street right-of-way and located on a paved surface
- Parking and display areas must not interfere with existing business operations or traffic circulation patterns
- Display areas and parking spaces may not occupy parking areas required for existing businesses
- The site must be kept in a neat and orderly manner with a City approved daily cleanup plan

TEMPORARY SEASONAL SALES

Temporary outdoor seasonal sales require a permit from the City and may be allowed in any business zoning district. (Residential garage sales are exempt.)

Applicants must submit a site plan showing the location of the outdoor sales area, produce stand, or tent.

One temporary sign may be permitted that meets the following standards:

- Sign cannot be larger than 24 square feet in area
- Sign cannot be more than 12 feet in height
- Sign cannot be placed in the right-of-way

Permit forms may be found on the City's website.

City Code 1000.22
